

Bill Summary
1st Session of the 60th Legislature

Bill No.:	SB 806
Version:	INT
Request No.	1255
Author:	Sen. Pugh
Date:	01/16/2025

Bill Analysis

SB 806 creates the Food is Medicine Act. The measure directs the Oklahoma Health Care Authority to implement a financial incentive for contracted entities who improve health outcomes of covered members through nutrition services. The Authority is directed to seek federal approval to implement the program. The measure directs the State Department of Education to provide technical assistance with applying for grants and administering programs that expand student access to fresh, healthy food.
