Bill Analysis

SB 875 subjects entities currently holding a capitated contract with the Oklahoma Health Care Authority that fail to meet the 11% minimum primary care services expense requirement to a scoring penalty on the requests for proposals for the subsequent procurement cycle. If such an entity fails to allocate 8% of its total health care expenses to primary care services it shall be ineligible for a capitated contract award for the subsequent procurement cycle. The measure also specifies that any entity that fails to meet the 11% requirement shall pay liquidated damages to the Authority in an amount equal to the difference between the 11% requirement and the actual percentage allocated to primary care. Contracted entities shall not include dental benefits managers.
