**Bill Summary and
Fiscal Analysis:**

This bill adds head coach to the definition of “teacher”.

This bill would have a fiscal impact as it would place head coaches on the teacher pay scale if they are not already on it. However, OSDE is unable to calculate the potential fiscal impact of this bill as OSDE does not collect the data on the number of head coaches and cannot determine how many head coaches are not already on the minimum pay scale.

Fiscal Impact Provided by the State Department of Education.
