**Bill Summary and
Fiscal Analysis:**

SB 4 prohibits the manufacturing, selling, brewing, or distribution certain substances as food additives or food color additives in food products as outlined in the proposal. The proposal also requires that products containing those substances disclose those ingredients on the product's label, website, or QR code on the product linked to a website. SB 4 also directs the State Board of Agriculture to promulgate rules to enforce the provisions of the measure.

The committee substitute creates no fiscal impact on the state.

Fiscal impact provided by ODAFF and Senate staff.
