Senate Bill 615

Version:	INT
Agency:	All
Senate Author:	Prieto
House Author:	
FY'26 Impact:	\$8,769,457
Full Year Impact:	\$8,769,457

**Bill Summary and
Fiscal Analysis:**

SB 615 caps state employees' salaries at the amount of the Governor's salary (\$147,000) unless otherwise provided for in statute.

OMES has determined that there are 324 employees are currently compensated above \$147,000 and would not fit the exemptions based on job title or job profile. If the 324 employees identified had their salaries reduced to \$147,000, the savings to the state in salaries alone would be \$8,769,457 in FY'26.
