**Bill Summary and
Fiscal Analysis:**

The committee amendment to SB 831 increases the per diem rate for members of the State Election Board for meetings other than for the purpose of conducting hearings required by law to \$75 from the previously proposed increased amount of \$50. The amended version would provide that the per diem rate for all meetings would be increased to \$75. The Election Board still estimates the cost to be minimal and absorbable by the Board's current budget.
