15 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

16 SECTION 1. NEW LAW A new section of law to be codified
17 in the Oklahoma Statutes as Section 6060.3b of Title 36, unless
18 there is created a duplication in numbering, reads as follows:

19 A. As used in this section:

20 1. "Contraceptive drugs" means all drugs approved by the United
21 States Food and Drug Administration that are used to prevent
22 pregnancy, including, but not limited to, hormonal drugs
23 administered orally, transdermally, and intravaginally.
24

1 Contraceptive drugs excludes medications that could be used to
2 terminate an existing pregnancy; and

3 2. "Health benefit plan" means a health benefit plan as defined
4 pursuant to Section 6060.4 of Title 36 of the Oklahoma Statutes.

5 B. Any health benefit plan that is offered, issued, or renewed
6 on or after the effective date of this act that offers coverage for
7 contraceptive drugs shall provide coverage for an enrollee to
8 obtain:

9 1. A three-month supply of a contraceptive drug at once the
10 first time the enrollee obtains the drug; and

11 2. A six-month supply of the contraceptive drug at once each
12 subsequent time that the enrollee obtains the same drug, regardless
13 of whether the enrollee was enrolled in the health benefit plan the
14 first time that the enrollee obtained the drug.

15 An enrollee may obtain only one six-month supply of a covered
16 prescription drug during each six-month period.

17 C. Nothing in this section shall be construed to prohibit an
18 enrollee of a health benefit plan from requesting a smaller supply
19 or to prohibit a prescribing provider from prescribing a smaller
20 supply if such a prescription is supported by clinical utility and
21 medical appropriateness.

22 D. Nothing in this section shall be construed to require
23 coverage under a health benefit plan for any contraceptive drug that
24 is not intended for regular or routine use.
