

BILL SUMMARY
1st Session of the 60th Legislature

Bill No.:	HB2156
Version:	FULLPCS1
Request Number:	13018
Author:	Rep. Dobrinski
Date:	3/4/2025
Impact:	\$0

Research Analysis

The proposed committee substitute for HB 2156 creates setback requirements for solar energy facilities and industrial battery storage facilities. The facilities must be:

- 500 feet away from any occupied structure or occupied residence, unless waived by the occupant;
- 50 feet away from the outer boundary of the solar or battery facility property;
- 100 feet away from the center line of any public road; and
- 1/2 mile from any public school, or hospital.

The measure applies to any 10 megawatt or larger solar or battery facility, and any project in development that does not have a power purchase agreement in place by the effective date of the act.

Prepared By: Emily Byrne

Fiscal Analysis

The proposed committee substitute to HB 2156 creates setback requirements for solar energy and industrial battery storage facilities. Upon review, this measure has no direct fiscal or revenue considerations for the state.

Prepared By: Jay St Clair, House Fiscal Staff

Other Considerations

None.
