Fiscal Analysis

The policy proposed committee substitute to SB 130 removes the appropriation section from the measure and restores title. As written, the measure has no direct fiscal or revenue considerations for the state.

Engrossed SB 130 requires the Corporation Commission to contract with an outside consulting firm regarding a nuclear energy feasibility study. The measure appropriates Three Hundred Seventy-Five Thousand Dollars (\$375,000) from the FY-24 General Revenue Fund to the Corporation Commission to conduct the study. Therefore, this measure has a \$375,000 fiscal impact on funds available to appropriate from the FY-24 General Revenue Fund.
