Research Analysis

SB 216 tolls the expiration date of the driver license of an inmate which expired within the last three years during the person's term of imprisonment for a period of six months after the inmate is released from the custody of the Department of Corrections. The measure clarifies procedures for the reinstatement of a revoked or suspended driver license by requiring Service Oklahoma to notify the license holder within three days of reinstatement that the license holder must apply for a new driver license. The Department of Corrections is to provide inmates with documentation to obtain a provisional license before being released from custody.
