**Bill Summary and
Fiscal Analysis:**

SB 132 establishes a maximum period where shut-in gas wells exempted from plugging by the Corporation Commission shall remain exempt. The Commission estimates a fiscal impact of \$40,501 based on the rulemaking requirement. If the legislation caused an increase in the number of orphaned wells, the amount would be considerably higher. The Commission estimates that if the number of orphaned wells increased by 100, the impact could approximately be \$3,000,000.

Fiscal impact provided by the Oklahoma Corporation Commission.
