Senate Author:	Jech
House Author:	
FY'26 Impact:	No Impact
Full Year Impact:	No Impact

**Bill Summary and
Fiscal Analysis:**

SB 389 provides that the Attorney General will have concurrent authority with the Oklahoma Workers' Compensation Commission to investigate and enforce any violation of workers' compensation laws, and the Office of the Attorney General may perform unannounced inspections of employers to ensure compliance. The Office of the Attorney General believes these responsibilities can be absorbed by existing staff and does not anticipate a need for additional appropriations.
