17 creative.
- 18 C. The salary and any other expenses for the Chief Information
19 Officer shall be budgeted as a separate line item through the Office
20 of Management and Enterprise Services. The operating expenses of
21 the Information Services Division shall be set by the Chief
22 Information Officer and shall be budgeted as a separate line item
23 through the Office of Management and Enterprise Services. The
24 Office of Management and Enterprise Services shall provide adequate

1 office space, equipment and support necessary to enable the Chief
2 Information Officer to carry out the information technology and
3 telecommunications duties and responsibilities of the Chief
4 Information Officer and the Information Services Division.

5 D. 1. Within twelve (12) months of appointment, the first
6 Chief Information Officer shall complete an assessment, which shall
7 be modified annually pursuant to Section 35.5 of this title, of the
8 implementation of the transfer, coordination, and modernization of
9 all information technology and telecommunication systems of all
10 state agencies in the state as provided for in the Oklahoma
11 Information Services Act. The assessment shall include the
12 information technology and telecommunications systems of all
13 institutions within The Oklahoma State System of Higher Education,
14 the Oklahoma State Regents for Higher Education and the
15 telecommunications network known as OneNet as assembled and
16 submitted by the Oklahoma Higher Education Chief Information
17 Officer, as designated by the Oklahoma State Regents for Higher
18 Education.

19 2. Within twelve (12) months of appointment, the first Chief
20 Information Officer shall issue a report setting out a plan of
21 action which will include the following:

22 a. define the shared service model organization structure
23 and the reporting relationship of the recommended
24 organization,

- 1 b. the implementation of an information technology and
2 telecommunications shared services model that defines
3 the statewide infrastructure environment needed by
4 most state agencies that is not specific to individual
5 agencies and the shared applications that are utilized
6 across multiple agencies,
- 7 c. define the services that shall be in the shared
8 services model under the control of the Information
9 Services Division of the Office of Management and
10 Enterprise Services,
- 11 d. define the roadmap to implement the proposed shared
12 services model. The roadmap shall include
13 recommendations on the transfer, coordination, and
14 modernization of all information technology and
15 telecommunication systems of all the state agencies in
16 the state,
- 17 e. recommendations on the reallocation of information
18 technology and telecommunication resources and
19 personnel,
- 20 f. a cost benefit analysis to support the recommendations
21 on the reallocation of information technology and
22 telecommunication resources and personnel,
- 23 g. a calculation of the net savings realized through the
24 reallocation and consolidation of information

1 technology and telecommunication resources and
2 personnel after compensating for the cost of
3 contracting with a private consultant as authorized in
4 paragraph 4 of this subsection, implementing the plan
5 of action, and ongoing costs of the Information
6 Services Division of the Office of Management and
7 Enterprise Services, and

8 h. the information required in subsection B of Section
9 35.5 of this title.

10 3. The plan of action report shall be presented to the
11 Governor, Speaker of the Oklahoma House of Representatives, and the
12 President Pro Tempore of the Oklahoma State Senate.

13 4. The Chief Information Officer may contract with a private
14 consultant or consultants to assist in the assessment and
15 development of the plan of action report as required in this
16 subsection.

17 E. The Chief Information Officer shall be authorized to employ
18 personnel, fix the duties and compensation of the personnel, not
19 otherwise prescribed by law, and otherwise direct the work of the
20 personnel in performing the function and accomplishing the purposes
21 of the Information Services Division of the Office of Management and
22 Enterprise Services.

1 F. The Information Services Division of the Office of
2 Management and Enterprise Services shall be responsible for the
3 following duties:

4 1. Formulate and implement the information technology strategy
5 for all state agencies;

6 2. Define, design, and implement a shared services statewide
7 infrastructure and application environment for information
8 technology and telecommunications for all state agencies;

9 3. Direct the development and operation of a scalable
10 telecommunications infrastructure that supports data and voice
11 communications reliability, integrity, and security;

12 4. Supervise the applications development process for those
13 applications that are utilized across multiple agencies;

14 5. Provide direction for the professional development of
15 information technology staff of state agencies and oversee the
16 professional development of the staff of the Information Services
17 Division of the Office of Management and Enterprise Services;

18 6. Evaluate all technology and telecommunication investment
19 choices for all state agencies;

20 7. Create a plan to ensure alignment of current systems, tools,
21 and processes with the strategic information technology plan for all
22 state agencies;

23 8. Set direction and provide oversight for the support and
24 continuous upgrading of the current information technology and

1 telecommunication infrastructure in the state in support of enhanced
2 reliability, user service levels, and security;

3 9. Direct the development, implementation, and management of
4 appropriate standards, policies and procedures to ensure the success
5 of state information technology and telecommunication initiatives;

6 10. Recruit, hire and transfer the required technical staff in
7 the Information Services Division of the Office of Management and
8 Enterprise Services to support the services provided by the Division
9 and the execution of the strategic information technology plan;

10 11. Establish, maintain, and enforce information technology and
11 telecommunication standards;

12 12. Delegate, coordinate, and review all work to ensure quality
13 and efficient operation of the Information Services Division of the
14 Office of Management and Enterprise Services;

15 13. Create and implement a communication plan that disseminates
16 pertinent information to state agencies on standards, policies,
17 procedures, service levels, project status, and other important
18 information to customers of the Information Services Division of the
19 Office of Management and Enterprise Services and provide for agency
20 feedback and performance evaluation by customers of the Division;

21 14. Develop and implement training programs for state agencies
22 using the shared services of the Information Services Division of
23 the Office of Management and Enterprise Services and recommend
24

1 training programs to state agencies on information technology and
2 telecommunication systems, products and procedures;

3 15. Provide counseling, performance evaluation, training,
4 motivation, discipline, and assign duties for employees of the
5 Information Services Division of the Office of Management and
6 Enterprise Services;

7 16. For all state agencies, approve the purchasing of all
8 information technology and telecommunication services and approve
9 the purchase of any information technology and telecommunication
10 product except the following:

11 a. a purchase less than or equal to Five Thousand Dollars
12 (\$5,000.00) if such product is purchased using a state
13 purchase card and the product is listed on either the
14 Approved Hardware or Approved Software list located on
15 the Office of Management and Enterprise Services
16 website, or

17 b. a purchase over Five Thousand Dollars (\$5,000.00) and
18 less than or equal to Twenty-five Thousand Dollars
19 (\$25,000.00) if such product is purchased using a
20 state purchase card, the product is listed on an
21 information technology or telecommunications statewide
22 contract, and the product is listed on either the
23 Approved Hardware or Approved Software list located on
24

1 the Office of Management and Enterprise Services
2 website;

3 17. Develop and enforce an overall infrastructure architecture
4 strategy and associated roadmaps for desktop, network, server,
5 storage, and statewide management systems for state agencies;

6 18. Effectively manage the design, implementation and support
7 of complex, highly available infrastructure to ensure optimal
8 performance, on-time delivery of features, and new products, and
9 scalable growth;

10 19. Define and implement a governance model for requesting
11 services and monitoring service level metrics for all shared
12 services; and

13 20. Create the budget for the Information Services Division of
14 the Office of Management and Enterprise Services to be submitted to
15 the Legislature each year.

16 G. The State Governmental Technology Applications Review Board
17 shall provide ongoing oversight of the implementation of the plan of
18 action required in subsection D of this section. Any proposed
19 amendments to the plan of action shall be approved by the Board
20 prior to adoption.

21 H. 1. The Chief Information Officer shall act as the
22 Information Technology and Telecommunications Purchasing Director
23 for all state agencies and shall be responsible for the procurement
24 of all information technology and telecommunication software,

1 hardware, equipment, peripheral devices, maintenance, consulting
2 services, high technology systems, and other related information
3 technology, data processing, telecommunication and related
4 peripherals and services for all state agencies. The Chief
5 Information Officer shall establish, implement, and enforce policies
6 and procedures for the procurement of information technology and
7 telecommunication software, hardware, equipment, peripheral devices,
8 maintenance, consulting services, high technology systems, and other
9 related information technology, data processing, telecommunication
10 and related peripherals and services by purchase, lease-purchase,
11 lease with option to purchase, lease and rental for all state
12 agencies. The procurement policies and procedures established by
13 the Chief Information Officer shall be consistent with The Oklahoma
14 Central Purchasing Act.

15 2. The Chief Information Officer, or any employee or agent of
16 the Chief Information Officer acting within the scope of delegated
17 authority, shall have the same power and authority regarding the
18 procurement of all information technology and telecommunication
19 products and services as outlined in paragraph 1 of this subsection
20 for all state agencies as the State Purchasing Director has for all
21 acquisitions used or consumed by state agencies as established in
22 The Oklahoma Central Purchasing Act. Such authority shall,
23 consistent with the authority granted to the State Purchasing
24 Director pursuant to Section 85.10 of Title 74 of the Oklahoma

1 Statutes, include the power to designate financial or proprietary
2 information submitted by a bidder confidential and reject all
3 requests to disclose the information so designated, if the Chief
4 Information Officer requires the bidder to submit the financial or
5 proprietary information with a bid, proposal, or quotation.

6 3. The Chief Information Officer or employee, pursuant
7 paragraph 2 of this subsection, shall seek guidance and
8 recommendations from the Oklahoma Emergency Communications Office
9 Executive Director for all purchases related to public safety
10 communications.

11 I. The Information Services Division of the Office of
12 Management and Enterprise Services and the Chief Information Officer
13 shall be subject to the Oklahoma Central Purchasing Act for the
14 approval and purchase of all equipment, products, and services and
15 shall also be subject to the requirements of the Public Competitive
16 Bidding Act of 1974, the Oklahoma Lighting Energy Conservation Act
17 and the Public Building Construction and Planning Act. The Chief
18 Information Officer shall be authorized to delegate all or some of
19 the procurement of information technology and telecommunication
20 products and services and construction of facilities and
21 telecommunication networks to another state entity if the Chief
22 Information Officer determines it to be cost-effective and in the
23 best interest of the state. The Chief Information Officer shall
24 have authority to designate information technology and

1 telecommunication contracts as statewide contracts and mandatory
2 statewide contracts pursuant to Section 85.5 of Title 74 of the
3 Oklahoma Statutes and to negotiate consolidation contracts,
4 enterprise agreements and high technology systems contracts. Any
5 contract entered into by a state agency for which the Chief
6 Information Officer has not acted as the Information Technology and
7 Telecommunications Purchasing Director as required in this
8 subsection or subsection H of this section, shall be deemed to be
9 unenforceable and the Office of Management and Enterprise Services
10 shall not process any claim associated with the provisions thereof.

11 J. The Chief Information Officer shall establish, implement,
12 and enforce policies and procedure for the development and
13 procurement of an interoperable radio communications system for
14 state agencies. The Chief Information Officer shall work with local
15 governmental entities in developing the interoperable radio
16 communications system.

17 K. The Chief Information Officer shall develop and implement a
18 plan to utilize open source technology and products for the
19 information technology and telecommunication systems of all state
20 agencies.

21 L. All state agencies and authorities of this state and all
22 officers and employees of those entities shall work and cooperate
23 with and lend assistance to the Chief Information Officer and the
24 Information Services Division of the Office of Management and

1 Enterprise Services and provide any and all information requested by
2 the Chief Information Officer.

3 M. The Chief Information Officer shall prepare an annual report
4 detailing the ongoing net saving attributable to the reallocation
5 and consolidation of information technology and telecommunication
6 resources and personnel and shall submit the report to the Governor,
7 the Speaker of the Oklahoma House of Representatives, and the
8 President Pro Tempore of the Oklahoma State Senate.

9 N. For purposes of the Oklahoma Information Services Act,
10 unless otherwise provided for, "state agencies" shall include any
11 office, officer, bureau, board, commission, counsel, unit, division,
12 body, authority or institution of the executive branch of state
13 government, whether elected or appointed; provided, except with
14 respect to the provisions of subsection D of this section, the term
15 "state agencies" shall not include institutions within The Oklahoma
16 State System of Higher Education, the Oklahoma State Regents for
17 Higher Education and the telecommunications network known as OneNet.

18 O. As used in this section:

19 1. "High technology system" means advanced technological
20 equipment, software, communication lines, and services for the
21 processing, storing, and retrieval of information by a state agency;

22 2. "Consolidation contract" means a contract for several state
23 or public agencies for the purpose of purchasing information
24 technology and telecommunication goods and services; and

1 3. "Enterprise agreement" means an agreement for information
2 technology or telecommunication goods and services with a supplier
3 who manufactures, develops and designs products and provides
4 services that are used by one or more state agencies.

5 SECTION 7. AMENDATORY 62 O.S. 2021, Section 34.20, is
6 amended to read as follows:

7 Section 34.20. In addition to the powers and duties as defined
8 elsewhere in this title, the Information Services Division of the
9 Office of Management and Enterprise Services shall:

10 1. Coordinate statewide planning and approve statewide
11 contracts for communication and telecommunications needs of state
12 agencies, including, but not limited to, voice, data, radio
13 including the interoperable radio communications system for state
14 agencies, video, broadband, Wi-Fi or wireless networking, Global
15 Positioning Systems (GPS), Internet, eGovernment, as referenced in
16 Sections 34.24 and 34.25 of this title, and facsimile transmissions
17 through analysis of the telecommunications and information
18 technology plan of each agency;

19 2. In coordination with the Oklahoma Emergency Communications
20 ~~Office of Homeland Security~~, establish minimum mandatory standards
21 and protocols for:

- 22 a. communication networks and equipment,
- 23 b. wide area and local area systems,
- 24 c. integration of equipment, systems and joint usage,

- 1 d. Internet and eGovernment,
- 2 e. operating systems or methods to be used to meet
- 3 communications requirements efficiently, effectively,
- 4 and securely,
- 5 f. rendering of aid between state government and its
- 6 political subdivisions with respect to organizing of
- 7 communications systems, and
- 8 g. an economical and cost-effective utilization of
- 9 communication services.

10 The standards and protocols shall be compatible with the
11 standards and protocols established for the Oklahoma Government
12 Telecommunications Network;

13 3. Serve as a focal point for all statewide projects and
14 approve all statewide contracts for state agencies involving current

5 established by this section as follows:

6 a. a flat rate of Three Thousand Dollars (\$3,000.00) per
7 month per PSAP, and

8 b. from the remaining balance:

9 (1) ten percent (10%) to be derived by dividing the
10 land area covered by each public agency's
11 response area by the total land area of the
12 state, and

13 (2) ninety percent (90%) to be derived by dividing
14 the population of each public agency's response
15 area by the total population of the state using
16 data from the latest available Census estimates
17 as of July 1 of each year;

18 ~~6.~~ 7. Assist any public agency the Authority determines is
19 performing below NENA standards, as limited by paragraph 4 of this
20 section, according to the improvement plan required by the Oklahoma
21 9-1-1 Management Authority Act. The Authority shall establish a
22 time period for the public agency to come into compliance after
23 which the Authority shall escrow funds as authorized in this
24 section. Improvement plans may include consideration and

1 recommendations for consolidation with other public agencies, and
2 sharing equipment and technology with other jurisdictions;

3 ~~7.~~ 8. Require an annual report from public agencies regarding
4 operations and financing of the public safety answering point (PSAP)
5 and approve, modify or reject such reports;

6 ~~8.~~ 9. Conduct and review audits and financial records of the
7 wireless service providers and review public agencies' audits and
8 financial records regarding the collection, remittance and
9 expenditures of 9-1-1 wireless telephone fees as required by the
10 Oklahoma 9-1-1 Management Authority Act;

11 ~~9.~~ 10. Develop a master plan to deploy next-generation 9-1-1
12 services statewide. This will include the development of
13 performance criteria critical to the function and performance of
14 NG9-1-1 networks and systems;

15 ~~10.~~ 11. Establish rules for interoperability between state,
16 regional and local NG9-1-1 systems;

17 ~~11.~~ 12. Facilitate information-sharing among public agencies;

18 ~~12.~~ 13. Create and maintain best practices databases for PSAP
19 operations;

20 ~~13.~~ 14. Encourage equipment- and technology-sharing among all
21 jurisdictions;

22 ~~14.~~ 15. Develop training program standards for public safety
23 telecommunicators for call taking. Training program standards shall
24 include instruction on recognizing the need for and delivery of

1 High-Quality Telecommunicator CPR (T-CPR) that can be delivered by
2 9-1-1 public safety telecommunicators for acute events requiring CPR
3 including, but not limited to, out-of-hospital cardiac events
4 (OHCA);

5 ~~15.~~ 16. Mediate disputes between public agencies and other
6 entities involved in providing 9-1-1 emergency telephone services;

7 ~~16.~~ 17. Provide a clearinghouse of contact information for
8 communications service companies and PSAPs operating in this state;

9 ~~17.~~ 18. Make recommendations for consolidation upon the request
10 of public agencies;

11 ~~18.~~ 19. Establish contracts for the necessary equipment and
12 services to deliver 9-1-1 calls to the public safety answering
13 points;

14 ~~19.~~ 20. Establish an eligible use list for 9-1-1 funds; and

15 ~~20.~~ 21. Take any steps necessary to carry out the duties
16 required by the Oklahoma 9-1-1 Management Authority Act.

17 SECTION 10. AMENDATORY 74 O.S. 2021, Section 51.1a, as
18 last amended by Section 2, Chapter 257, O.S.L. 2024 (74 O.S. Supp.
19 2024, Section 51.1a), is amended to read as follows:

20 Section 51.1a. A. In addition to the powers and duties as
21 defined elsewhere in statute, the Oklahoma Emergency Communications
22 Office ~~of Homeland Security~~ has the duty and responsibility for
23 interoperable public safety communications planning within this
24

1 state. As part of this duty the Oklahoma Emergency Communications
2 ~~Office of Homeland Security~~ shall:

3 1. Annually develop and electronically report to the Governor,
4 President Pro Tempore of the Oklahoma State Senate, and Speaker of
5 the Oklahoma House of Representatives, the Statewide Communications
6 Interoperability Plan;

7 2. Coordinate statewide planning for public safety
8 communication needs of state government and state emergency
9 responders, including a migration plan for state agency use of
10 public safety communications technologies and rendering of aid
11 between state government and its political subdivisions for
12 organizing and use of disparate public safety communications
13 systems;

14 3. Serve as a focal point for all state-level projects
15 involving public safety communications vendors where the focus of
16 such authority can substantially enhance the state communications
17 plan or savings;

18 4. Apply for, receive and hold, or assist state agencies in
19 applying for, receiving or holding such authorizations, licenses,
20 and allocations of channels and frequencies to carry out the
21 purposes of this section;

22 5. Establish minimum standards and protocols for acquisition,
23 development, or enhancement of public safety communications
24 technologies. These standards shall be utilized by the Information

1 Services Division of the Office of Management and Enterprise
2 Services pursuant to the provisions of Section 34.20 of Title 62 of
3 the Oklahoma Statutes; and

4 6. Accomplish such other purposes as may be necessary or
5 incidental to the administration of its authority or functions
6 pursuant to law.

7 B. It is the intent of the Legislature that all state public
8 entities comply with the provisions of the Statewide Communications
9 Interoperability Plan issued by the Oklahoma Emergency
10 Communications Office of Homeland Security. All state agencies are
11 required to review the provisions of the Statewide Communications
12 Interoperability Plan and the public safety communications standards
13 issued by the Oklahoma Emergency Communications Office of Homeland
14 Security prior to the purchase, acquisition, development, or
15 enhancement of any public safety communications system. Local
16 public safety agencies and political subdivisions of the state are
17 encouraged, but not required, to review the provisions of the
18 Statewide Communications Interoperability Plan and the public safety
19 communications standards issued by the Oklahoma Emergency
20 Communications Office of Homeland Security prior to the purchase,
21 acquisition, development, or enhancement of any public safety
22 communications system to assist the local public safety agency or
23 political subdivision in purchasing decisions.

24

1 C. Any existing or future federal or state funding allocated for
2 the purpose of public safety communications operability,
3 interoperability, radio infrastructure, radio subscribers shall be
4 transferred from the Oklahoma Homeland Security Revolving Fund
5 created in Section 51.2 of this title to the Oklahoma Emergency
6 Communications Authority Revolving Fund created in Section 5 of this
7 act.

8 D. No state agency shall use state funds or enter into any
9 agreement for the acquisition, development, or enhancement of a
10 public safety communication system unless the request is consistent
11 with the Statewide Communications Interoperability Plan and the
12 public safety communications standards issued by the Oklahoma
13 Emergency Communications Office of Homeland Security.

14 SECTION 11. REPEALER 62 O.S. 2021, Section 35.6.2, is
15 hereby repealed.

16 SECTION 12. This act shall become effective November 1, 2025.
