

STATE OF OKLAHOMA

1st Session of the 60th Legislature (2025)

SENATE BILL 665

By: Jett

AS INTRODUCED

An Act relating to freedom of conscience; creating the Medical Ethics Defense Act; providing short title; defining terms; granting certain rights to certain medical practitioners, healthcare institutions, or healthcare payers; limiting exercise of certain rights; granting certain immunities; prohibiting certain discrimination; requiring opt-in for abortion; providing certain construction; prohibiting and requiring certain actions by licensing board under certain conditions; authorizing and prohibiting certain civil actions; prohibiting certain defense; providing for recovery of damages and other relief; providing severability; providing for codification; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 1-728g of Title 63, unless there is created a duplication in numbering, reads as follows:

This act may be known and cited as the "Medical Ethics Defense Act".

SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 1-728h of Title 63, unless there is created a duplication in numbering, reads as follows:

1           1. "Conscience" means the ethical, moral, or religious beliefs  
2 or principles held by any medical practitioner, healthcare  
3 institution, or healthcare payer. Conscience with respect to  
4 institutional entities or corporate bodies, as opposed to individual  
5 persons, is determined by reference to that entity or body's  
6 governing documents including, but not limited to, any published  
7 ethical, moral, or religious guidelines or directives; mission  
8 statements; constitutions; articles of incorporation; bylaws;  
9 policies; or regulations;

10           2. "Disclosure" means a formal or informal communication or  
11 transmission, but does not include a communication or transmission  
12 concerning policy decisions that lawfully exercise discretionary  
13 authority unless the medical practitioner providing the disclosure  
14 or transmission reasonably believes that the disclosure or  
15 transmission evinces:

- 16           a. any violation of any law, rule, or regulation,
- 17           b. any violation of any ethical guidelines for the  
18           provision of any medical procedure or service, or
- 19           c. gross mismanagement, a gross waste of funds, an abuse  
20           of authority, practices or methods of treatment that  
21           may put patient health at risk, or a substantial and  
22           specific danger to public health or safety;

23           3. "Discrimination" means any adverse action taken against, or  
24 any threat of adverse action communicated to, any medical

1 practitioner, healthcare institution, or healthcare payer as a  
2 result of his, her, or its decision to decline to participate in a  
3 medical procedure or service on the basis of conscience.

4 Discrimination includes, but is not limited to, termination of  
5 employment; transfer from current position; demotion from current  
6 position; adverse administrative action; reassignment to a different  
7 shift or job title; increased administrative duties; refusal of  
8 staff privileges; refusal of board certification; loss of career  
9 specialty; reduction of wages, benefits, or privileges; refusal to  
10 award a grant, contract, or other program; refusal to provide  
11 residency training opportunities; denial, deprivation, or  
12 disqualification of licensure; withholding or disqualifying from  
13 financial aid and other assistance; impediments to creating any  
14 healthcare institution or payer or expanding or improving such  
15 healthcare institution or payer; impediments to acquiring,  
16 associating with, or merging with any other healthcare institution  
17 or payer; the threat thereof with regard to any of the preceding; or  
18 any other penalty, disciplinary, or retaliatory action, whether  
19 executed or threatened. However, discrimination excludes the  
20 negotiation or purchase of insurance by a nongovernment entity;

21 4. "Medical procedure or service" means medical care provided  
22 to any patient at any time over the entire course of treatment, or  
23 medical research. This includes, but is not limited to, testing;  
24 diagnosis; referral; dispensing and/or administering any drug,

1 medication, or device; psychological therapy or counseling;  
2 research; prognosis; therapy; record-making procedures; notes  
3 related to treatment; set up or performance of a surgery or  
4 procedure; or any other care or service performed or provided by any  
5 medical practitioner including, but not limited to, physicians,  
6 nurses, allied health professionals, paraprofessionals, contractors,  
7 or employees of healthcare institutions;

8 5. "Healthcare institution" means any organization,  
9 corporation, partnership, association, agency, network, sole  
10 proprietorship, joint venture, or other entity that provides medical  
11 procedures or services. The term includes, but is not limited to,  
12 any public or private hospital, clinic, medical center, physician  
13 organization, professional association, ambulatory surgical center,  
14 private physician's office, pharmacy, nursing home, medical school,  
15 nursing school, medical training facility, or any other entity or  
16 location in which medical procedures or services are performed;

17 6. "Healthcare payer" means any employer, health plan, health  
18 maintenance organization, insurance company, management services  
19 organization, or any other entity that pays for, or arranges for the  
20 payment of, any medical procedure or service provided to any  
21 patient, whether that payment is made in whole or in part;

22 7. "Medical practitioner" means any person or individual who  
23 may be or is asked to participate in any way in any medical  
24 procedure or service. This includes, but is not limited to,

1 doctors, nurse practitioners, physician's assistants, nurses,  
2 nurses' aides, allied health professionals, medical assistants,  
3 hospital employees, clinic employees, nursing home employees,  
4 pharmacists, pharmacy technicians and employees, medical school  
5 faculty and students, nursing school faculty and students,  
6 psychology and counseling faculty and students, medical researchers,  
7 laboratory technicians, psychologists, psychiatrists, counselors,  
8 mental health professionals, social workers, or any other person who  
9 facilitates or participates in the provision of a medical procedure  
10 or service;

11 8. "Participate" in a medical procedure or service means to  
12 provide, perform, assist with, facilitate, refer for, counsel for,  
13 advise with regard to, admit for the purposes of providing, or take  
14 part in any way in providing any medical procedure or service, or  
15 any form of such service; and

16 9. "Pay" or "payment" means to pay for, contract for, arrange  
17 for the payment of (whether in whole or in part), reimburse, or  
18 remunerate.

19 SECTION 3. NEW LAW A new section of law to be codified  
20 in the Oklahoma Statutes as Section 1-728i of Title 63, unless there  
21 is created a duplication in numbering, reads as follows:

22 A. Freedom of Conscience. A medical practitioner, healthcare  
23 institution, or healthcare payer has the right not to participate in  
24

1 or pay for any medical procedure or service which violates his, her,  
2 or its conscience.

3 B. Limitations. The exercise of the right of conscience is  
4 limited to conscience-based objections to a particular medical  
5 procedure or service. This section may not be construed to waive or  
6 modify any duty a health care practitioner, health care institution,  
7 or health care payer may have to provide other medical procedures or  
8 services that do not violate the practitioner's, institution's, or  
9 payer's conscience.

10 C. Immunity from Liability. No medical practitioner,  
11 healthcare institution, or healthcare payer shall be civilly,  
12 criminally, or administratively liable for exercising his, her, or  
13 its right of conscience not to participate in or pay for a medical  
14 procedure or service. No healthcare institution shall be civilly,  
15 criminally, or administratively liable for the exercise of  
16 conscience rights not to participate in a medical procedure or  
17 service by a medical practitioner employed, contracted, or granted  
18 admitting privileges by the healthcare institution.

19 D. Discrimination. No medical practitioner, healthcare  
20 institution, or healthcare payer shall be discriminated against in  
21 any manner as a result of his, her, or its decision to decline to  
22 participate in or pay for a medical procedure or service on the  
23 basis of conscience.

24  
25

1 E. Exception. Notwithstanding any other provision of this act  
2 to the contrary, a religious medical practitioner, healthcare  
3 institution, or healthcare payer that holds itself out to the public  
4 as religious, states in its governing documents that it has a  
5 religious purpose or mission, and has internal operating policies or  
6 procedures that implement its religious beliefs shall have the right  
7 to make employment, staffing, contracting, and admitting privilege  
8 decisions consistent with its religious beliefs.

9 F. Opt-In Required. A health care practitioner may not be  
10 scheduled for, assigned, or requested to directly or indirectly  
11 perform, facilitate, refer for, or participate in an abortion unless  
12 the practitioner first affirmatively consents in writing to perform,  
13 facilitate, refer for, or participate in the abortion. This  
14 subsection does not establish a right to participate in an abortion  
15 otherwise prohibited by law.

16 G. Emergency Medical Treatments. Nothing herein shall be  
17 construed to override the requirement to provide emergency medical  
18 treatment to all patients set forth in 42 U.S.C., Section 1395dd.  
19 Medical emergencies shall be subject to the definitions and  
20 requirements of Section 1-731.4 of Title 63 of the Oklahoma  
21 Statutes.

22 SECTION 4. NEW LAW A new section of law to be codified  
23 in the Oklahoma Statutes as Section 1-728j of Title 63, unless there  
24 is created a duplication in numbering, reads as follows:

1 A. No medical practitioner shall be discriminated against in  
2 any manner because the medical practitioner:

3 1. Provided, caused to be provided, or is about to provide or  
4 cause to be provided to his or her employer, the Attorney General,  
5 any state agency charged with protecting healthcare rights of  
6 conscience, the U.S. Department of Health and Human Services, Office  
7 for Civil Rights, or any other federal agency charged with  
8 protecting healthcare rights of conscience information relating to  
9 any violation of, or any act or omission the medical practitioner  
10 reasonably believes to be a violation of, any provision of this act;

11 2. Testified or is about to testify in a proceeding concerning  
12 such violation; or

13 3. Assisted or participated, or is about to assist or  
14 participate, in such a proceeding.

15 B. Unless the disclosure is specifically prohibited by law, no  
16 medical practitioner shall be discriminated against in any manner  
17 because the medical practitioner disclosed any information that the  
18 medical practitioner reasonably believes evinces:

19 1. Any violation of any law, rule, or regulation;

20 2. Any violation of any ethical guidelines for the provision of  
21 any medical procedure or service; or

22 3. Gross mismanagement, a gross waste of funds, an abuse of  
23 authority, practices or methods of treatment that may put patient  
24

1 health at risk, or a substantial and specific danger to public  
2 health or safety.

3 C. A licensing board may not reprimand, sanction, or revoke or  
4 threaten to revoke a license, certificate, or registration of a  
5 healthcare practitioner for engaging in speech or expressive  
6 activity protected under the First Amendment to the United States  
7 Constitution, unless the licensing board demonstrates beyond a  
8 reasonable doubt that the practitioner's speech was the direct cause  
9 of physical harm to a person with whom the healthcare practitioner  
10 had a practitioner-patient relationship within the three (3) years  
11 immediately preceding the incident of physical harm.

12 1. The licensing board must provide a medical practitioner with  
13 any complaints it has received which may result in the revocation of  
14 the medical practitioner's license, certification, or registration,  
15 within seven (7) days after receipt of the complaint.

16 2. The licensing board must pay the medical practitioner an  
17 administrative penalty of Five Hundred Dollars (\$500.00) for each  
18 day the complaint is not provided to the medical practitioner after  
19 the specified seven (7) days.

20 SECTION 5. NEW LAW A new section of law to be codified  
21 in the Oklahoma Statutes as Section 1-728k of Title 63, unless there  
22 is created a duplication in numbering, reads as follows:

23 A. Civil Action for Violation of Right of Conscience. A civil  
24 action for damages or injunctive relief, or both, may be brought by  
25

1 any medical practitioner, healthcare institution, or healthcare  
2 payer for any violation of any provision of this act. Any  
3 additional burden or expense on another medical practitioner,  
4 healthcare institution, or healthcare payer arising from the  
5 exercise of the right of conscience shall not be a defense to any  
6 violation of this act. However, no civil action may be brought  
7 against an individual who declines to use or purchase medical  
8 procedure or services from a specific medical practitioner,  
9 healthcare institution, or healthcare payer for exercising the  
10 rights granted in subsection A of Section 3 of this act.

11 B. Other Remedies. Any party aggrieved by any violation of  
12 this act may commence a civil action and shall be entitled, upon the  
13 finding of a violation, to recover threefold his, her, or its actual  
14 damages sustained, along with the costs of the action and reasonable  
15 attorney fees. Such damages shall be cumulative and in no way  
16 limited by any other remedies which may be available under any other  
17 federal, state, or municipal law. A court considering such civil  
18 action may also award injunctive relief, which may include, but is  
19 not limited to, reinstatement of a medical practitioner to his or  
20 her previous position, reinstatement of board certification, and re-  
21 licensure of a healthcare institution or healthcare payer.

22 SECTION 6. NEW LAW A new section of law to be codified  
23 in the Oklahoma Statutes as Section 1-7281 of Title 63, unless there  
24 is created a duplication in numbering, reads as follows:

1 Any provision of this act held to be invalid or unenforceable by  
2 its terms, or as applied to any person or circumstance, shall be  
3 construed so as to give it the maximum effect permitted by law,  
4 unless such holding shall be one of utter invalidity or  
5 unenforceability, in which event such provision shall be deemed  
6 severable herefrom and shall not affect the remainder hereof or the  
7 application of such provision to other persons not similarly  
8 situated or to other, dissimilar circumstances.

9 SECTION 7. This act shall become effective November 1, 2025.
